LEIGHTON CURTIS ©2015

**D** **D**  
The fiery sunrise, the mirror sea, the distant hills, heaven's tapestry

**G A D**  
Creator God, Mighty God

**Bm G D A**  
Billions of stars that sparkle from high, Your heavenly lightshow that covers the sky

**Bm G A D**  
Awesome God, Amazing God

**G D A**  
*In this fallen world You are so visible in all I see*

**G D A**  
*This Earth, Your work of art, stunning in all its divine beauty*

**G D A**  
*I am breathless that You shared this incredible home with me*

**Bm G A D**  
*You are good, You are good*

**D D**  
You have given me a home on Your Earth, yet I treat it like it has no worth

**G A D**  
Such disregard, it must be hard?

**Bm G D A**  
I have abused the trust You've given me, made the wrong choices, followed plan B

**Bm G A D**  
Still You love, still You love

**G D A**  
*When I see You there, dying in agony upon that tree*

**G D A**  
*How can You show such love, give Your Son for a hopeless sinner like me?*

**G D A**  
*I am amazed at Your love, this beautiful freedom You've given me*

**Bm G A D**  
*For You are good, You are good*

**G A Bm**  
So I'm giving You control, giving You my plans, giving You my life,  
**A D A**  
giving You my love, giving You my all, for You are good (repeat)
